Dear Mr. Creps:

Subject: Permit Amendment
Temporary Covered Source Permit (CSP) No. 0036-01-CT
Application for Minor Modification No. 0036-04
Grace Pacific Corporation
186 TPH Hot Drum Mix Asphalt Plant
Located at: Halawa Valley Road, Aiea, Oahu
Date of Expiration: October 21, 2009

Pursuant to Hawaii Administrative Rules (HAR), Section 11-60.1-103, for a minor modification application, the Department of Health hereby amends the subject covered source permit. This amendment allows the addition of 'Unitek diesel' to be used as an additional fuel in the drum burner. The issuance of this amendment is based on the information that you submitted as part of your application received on October 14, 2005. A receipt for the application filing fee of \$100.00 is enclosed.

The following Special Condition No. C.1.a in Attachment II, issued with CSP No. 0036-01-CT dated October 22, 2004, is superseded as follows:

Section C. Operational Limitations

1. Drum Mixer

a. The drum mixer shall be fired only on the following fuels:

- 1) Fuel oil no. 2 with a maximum sulfur content not to exceed 0.5 percent by weight;
- 2) Specification (spec) used oil as specified in Special Condition No. C.5 ;
- 3) Cooking oil as specified in Special Condition No. C.6;
